Natural elements

Wood, one of the strongest natural elements, is the perfect material to use for decks and gazebos in outdoor garden settings. To enhance its inherent beauty and protect it from weathering and mildew for years to come, use a solid or semi-transparent Benjamin Moore® wood stain finish. From our quality paints and exclusive colours and expert advice, you'll find it all right here.

The Bear Chair Company

An Original Bear Chair is the result of careful modification to a classic design. Handcrafted from solid White Pine or Red Cedar, the Bear Chair is designed to fit the contours of your body, naturally.
